Dear Parent/Carer

## **CGSE Revision Guides**

Following year 8 parents' evening, many parents have requested recommended revision books to support the move to CGSE Science in Year 9. We have been able to source high-quality GCSE Science revision guides at a discounted price that matches our in-school textbooks and online learning resources.

The revision guides vibrantly map the curriculum and gives hints and tips for students on how to answer questions on the exam topics. The revision guides are designed to complement classroom and home learning, and prepare students for their exams. Teachers will be setting homework and directing the students to page numbers each week so pupils can revise their learning from that week. This will allow students to revise as they go along which is essential for the new style GCSE's.

We consulted our students on the type of book that they felt would best support their learning and these are the books they chose. We encourage all students to get the revision guides as this will support their learning and help them to become independent learners. We suggest that the books are purchased as your child will be using them over their 3 years of KS4.

**The revision guides are normally £24 in shops; however, we are delighted to announce that we are selling the guides to parents for just £11. This covers all 3 years, so it works out as less than £4 a year for all 3 books!**

To purchase the set of three books, please fill in the reply slip below and return it along with the payment to Student Services, **before Monday 12 June 2017**.

All payments need to be made by Parentpay or by cheque- made payable to 'Finham Park MAT'. Non-refundable or exchangeable.

For advice and support regarding payments, please contact the school office.

Once purchased, students will be able to **collect** their book(s) from the science prep room (204) between the hours 9am and 2pm, after 26 June 2017.

Yours sincerely,

C Devlin, **Leader of Science**
