WELCOME TO

FINHAM PARK 2 SIXTH FORM

FINHAM PARK 2
SIXTH
form

At Finham Park 2 Sixth Form, our vision is simple: to help every student achieve academic excellence while building the confidence, character and leadership skills to thrive beyond school. Our students benefit from the same outstanding teaching, learning and high expectations that Finham Park 2 - and our close partner Finham Park School - are renowned for, while also enjoying the care, support and personal attention that only a smaller sixth form can provide..

Every student is known, valued and expected to lead. Through mentoring, enrichment and service, our students develop independence, resilience and the interpersonal skills that set them apart for university, apprenticeships or employment. Large enough to offer a broad curriculum through our in-house expertise and collaboration with partner schools, yet small enough to provide tailored guidance and strong relationships; Finham Park 2 Sixth Form challenges, supports and inspires every student to be their best version of themselves.

Mr. Will Keddie, Headteacher

Welcome to our Sixth Form a place where you'll be supported, challenged and inspired to become the very best version of yourself.

We are a caring and ambitious community, dedicated to helping every student grow in confidence, character and academic success. Our aim is simple: to ensure you leave us ready to pursue your ambitions, wherever they may lead.

Here, you'll find exceptional teaching, personalised guidance and opportunities that stretch far beyond the classroom. Our students develop lifelong friendships and a deep understanding of who they are and what they want to achieve.

Mr. Mark Werner, Head of Sixth Form

Curriculum Overview

When you start at Finham Park 2 Sixth Form, you will choose from a broad range of academic and technical qualifications designed to suit every ambition and pathway. Whether preparing for university, higher apprenticeships or employment, our curriculum offers the flexibility and depth to ensure every learner can thrive. We understand how important post-16 study is and give every student the support, challenge and independence needed to reach their potential. Alongside a strong academic programme, students have time for enrichment and employability development. Through our values of Pride, Respect and Responsibility, they develop the character and confidence to achieve excellent results and thrive beyond school.

We deliver a wide selection of courses both in school and through our local consortium, giving students access to an extensive subject offer taught by experienced, specialist staff. This collaborative approach allows us to maintain high standards while ensuring every student can pursue the subjects that best match their interests, strengths and future goals.

Below you'll find the list of subjects available through our 6th Form offer. The final range of 6th Form courses offered each year depends on student numbers and choices; however, we always aim to provide the full breadth of subjects either on site at Finham Park 2 or through our local consortium schools, particularly Finham Park.

Transition to 6th Form

We understand that adapting to life in the Sixth Form takes time. Whether you've been part of Finham Park 2 for years or are joining us from another school, our aim is to make the transition smooth, supportive and inspiring. Once GCSEs are complete, students take part in our Sixth Form Taster Day, experiencing A-level and vocational lessons and getting a real sense of Sixth Form life. Enrolment Day, held on GCSE results day, ensures every student makes informed subject choices that reflect their strengths and ambitions.

The step up from GCSE to advanced study is significant, so we provide structured study skills sessions at the start of Year 12 and revisit these throughout the two years. Students also benefit from mentoring and personal development sessions, where they can discuss progress, reflect on achievements, and explore wider topics such as current affairs, general knowledge and essential life skills – helping them grow as confident, well-rounded young adults ready for life beyond school.

Student support and wellbeing

At Finham Park 2 6th Form, every student benefits from personalised support, guidance and encouragement throughout their journey. Our dedicated team provides one-to-one advice on study skills, revision, careers, UCAS, apprenticeships, finance and wellbeing – ensuring every student is equipped to succeed and confidently take their next steps.

Our mentor system plays a vital role in supporting both academic progress and personal development. Mentor groups meet daily, and students have individual mentoring sessions to review progress, set goals and overcome any challenges along the way.

Brilliant Facilities

Finham Park 2 is blessed with superb facilities in a bright, modern and airy environment — the perfect place to learn, socialise and thrive. Most lessons take place within the main school building, where our classrooms are designed to inspire and support high-quality teaching and learning. Our purpose-built Sixth Form Centre offers a dedicated private study area, IT access, and welcoming social spaces where students can work, collaborate and relax. Sixth formers also benefit from access to key staff and leaders, a student library, and a dedicated outdoor area and multi-use games area during lunchtimes.

Our state-of-the-art sports hall, complete with modern changing facilities, a fully equipped fitness suite, and an impressive 3G pitch, is available for Sixth Form PE lessons and enrichment activities. Once you see Finham Park 2 in action, you realise what a special place it is — a vibrant, supportive environment designed to help every student succeed both academically and personally.

How to Apply

At Finham Park 2 Sixth Form, students can choose from a broad range of Level 3 courses that build on their Key Stage 4 achievements and open pathways to university, apprenticeships or employment. If you would like to apply for a place, please complete the application form which can be found on our website.

A Level Courses:

A Levels are studied over two years and assessed at the end of Year 13. Most students study three subjects, with the option to take four if they achieve strong GCSE results. Some subjects have specific grade requirements, listed on our website. Where a GCSE subject has not been studied, performance in related subjects is used to assess suitability.

Technical Courses (eg BTECs):

Also studied over two years, these courses are mainly coursework-based with some external assessments.

National Certificate = 1 A Level | National Diploma = 2 A Levels | National Extended Diploma = 3 A Levels. They suit students who prefer continuous assessment and who demonstrate strong independence and organisation.

Entry Requirements

A Level Courses: To study A Levels at Finham Park 2 Sixth Form, students will normally need:

Five GCSEs at grade 5–9, including English and Mathematics at grade 5 or above.

To meet subject-specific entry requirements, which may be higher for some subjects.

Students wishing to study four A Levels must have achieved at least five GCSEs at grade 7–9. Where a subject has not been studied at GCSE, performance in related subjects will be considered as part of the application process.

Technical Qualifications: To study vocational qualifications, students will normally need:

Four GCSEs at grade 4 or above, including English and Mathematics.

Please visit www.finhampark2.co.uk/sixth-form for full details of subject-specific requirements.

Student Recommendations

FINHAM PARK 2
SIXTH
form

Having been at Finham Park 2 since Year 7, I've grown both academically and personally, becoming Head Boy and leading whole-school events. FP2 Sixth Form is more than a place to study — it's a family where teachers care, you're encouraged to be yourself, and you're supported to achieve your best. - current Year 13 student and Head Boy, Mohammed Hussan

I came to this 6th form not knowing anyone and within the first week I formed close relationships with my peers and teachers, adopting a close bond and forming memories that I will never forget – current Year 13, Jess

The interconnectedness of the students of sixth form makes it easy to talk to anyone and everyone regardless of background and differences - current Year 13, Ahmat

Finham Park 2 school and sixth form were absolutely amazing for me. I had the privilege of being in the first ever cohorts for both and was Head Girl in Year 10. The brilliant staff in FP2 sixth form gave me the confidence to achieve the highest possible grade in BTEC Sport and I am now Head Coach for Coventry Tornadoes U15s basketball team and am in my final undergraduate year at Coventry University studying Sports Coaching. FP2 sixth form was the stepping-stone I needed to kick start my ambitions of a career in Sports Coaching and Teaching - ex-student and Head Girl, Issy Potter

Finham Park 2 sixth form is a strong community of young adults who are genuinely passionate about learning and are constantly supporting one another - current Year 13, Harry

The smaller sixth form creates a closer sense of community since we all know each other – current Year 13, Ege

The staff were incredibly supportive and gave me many opportunities to shine, both in and out of the classroom. I liked the school so much, having joined in Year 10, that I stayed on for sixth form and by Year 12, I was proud to become Head Boy. I'm now studying Mechanical Engineering at Loughborough University, but I miss my time at FP2 sixth form and I genuinely enjoyed every moment - ex-student and Head Boy, Shaun Silva currently studying Mechanical Engineering at Loughborough University.

Next steps

Post-18 options can feel overwhelming. Many students continue to university, but others pursue apprenticeships, employment with training, internships or gap years.

At Finham Park 2, we ensure every student is well informed and supported to make confident choices about their future. Our careers programme includes guidance from our careers advisor, UCAS and interview preparation, degree apprenticeship and job applications, and CV writing. One-to-one mentoring helps students make informed decisions and develop the independence needed for success.

We have strong links with local and national universities, including Cambridge, Birmingham and Warwick, giving students a taste of university life. All Year 12 students also complete work experience to gain valuable insight into the world of work.

The Bursary Scheme

The Bursary is available to support students financially with their studies where household income is low. If you would like further information on the 16-19 Bursary scheme visit our website or email Janet Wykes on j.wykes@finhampark2.co.uk

Our 6th form leadership team.
Ms. Janet Wykes – 6th form administrator.
Mr. Mark Werner – Head of 6th form.
Ms. Sandeep Chahal – 6th Form Progress Leader.

Part of Finham Park MAT

Thank you for your interest in Finham Park 2 sixth form, part of Finham Park Multi Academy Trust. Our ambition is for all schools in our Trust to provide a 'World Class' education for their young people – providing them with the time of their lives and ensuring that they all make strong contributions to the communities and societies they live in – locally, nationally and globally. Our education will aim to exceed the highest national and international benchmarks for academic achievement, whilst ensuring young people develop a passion for learning in all its contexts. I hope you enjoy reading our prospectus.
